

BIOMAP 7 Welcome Reception – 14th June 2015

The Welcome Reception will take place at the outdoor of the [Pavilion of Knowledge - Ciência Viva](#) (the Conference venue) at **16:30**. With the Tagus River as scenario you will enjoy some traditional Portuguese food and a variety of drinks.

Don't be late because at **17:30**, the show of [Instituto Superior Técnico Tuna](#) will start.

After the Welcome Reception, at **18:30**, take a ride in the [Telecabine Lisboa](#) to have an overwhelming view of Tagus River and Parque das Nações. The futuristic architecture of Eastern Lisbon is a complete contrast to the city's old quarters. Most of it was built by innovative architects for Expo 98, the World Fair that took place in Portugal's capital between May and September of 1998. You will need to buy the ticket but there is a special price for the BIOMAP 7 participants (3.56 €).

Telecabine Lisboa will take you to [Parque Tejo](#) to join the show [MEO Out Jazz](#). Lisbon is known as a cosmopolitan and eclectic city, where culture and music is on every corner. Here you will have a taste of it! At MEO Out Jazz, we will enjoy the jazz show of Adilan Ferreira + Jazz Hop Portugal in the gardens of Parque Tejo, next to the Tagus River and under the sunset of Lisbon.
